The amendment received 20 December 2004 has been made of record. Claims 1-13 are pending.

Claims 9-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Epple in view of Gedon et al.

This rejection is maintained for reasons of record with the exception that newly amended process claims are not included. The rejected claims are drawn to products by process. Applicants need to demonstrate patentably distinct properties flowing from their claimed process.

Claims 1-8 are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
